### Pre-Construction Inspection Scheduling Form CSX Virginia Avenue Tunnel Project

I would like to have my residence inspected as part of the CSX Virginia Avenue Tunnel Project Pre-Construction Inspection program. I understand that a CSX-funded building inspector from CED Technologies will visit my residence and will inspect, photograph and document the current interior and exterior condition of my residence before the start of construction on the tunnel. The inspection will take approximately 60 to 90 minutes.

Identified below are dates and times **prior to March 13, 2015**, when I am available to allow access to my home. Inspections will be scheduled on weekdays during 4-hour time periods based on your preference.

Please note dates prior to 3/13/15 when you would be available:

8am-Noon	Monday - Friday	_____
Noon-4pm	Monday - Friday	_____
4pm-8pm	Monday - Thursday	_____
