

4th Street Temporary Closure

Closing Could Occur As Soon As March 12, for 3-4 Months

Dear Neighbors:

As soon as March 12, CSX expects to temporarily close the 4th Street SE intersection with Virginia Avenue for approximately 3-4 months. The closure will allow removal of the existing temporary bridge deck, completion of the roof of a portion of the second new Virginia Avenue Tunnel and installation of the final street restoration. 4th Street will not be closed until 3rd Street is reopened to two way traffic.

Pedestrian access will be maintained across the intersection throughout this process. The east side driveway to the Capitol Quarter townhomes will be switched to the original alignment from Virginia Avenue. Drivers will be directed to drive west on Virginia Avenue to go North- or South-bound on 3rd Street.

Detour

Signs, barrels and other traffic management tools will be in place to guide drivers wishing to travel north or south across Virginia Avenue on 4th Street. Southbound traffic on 4th Street will be detoured to turn right on Virginia Avenue SE westbound, left on 3rd Street, left on I Street and right on 4th Street.

These detours are detailed on the following page.

This closure is one of several that will occur on the north-south cross streets over the areas of Virginia Avenue to restore the new Virginia Avenue to its final streetscape. More information about these plans is available on the project website at www.virginiaavenuetunnel.com.

Thank you in advance for your continued patience while we work to complete this important project.

Sincerely,

The Virginia Avenue Tunnel Team
